C: ACCESS TO PODCAST: The following audio link allows you to listen to the entire program.

HARD NEWS T, R

Audio: to begin with this – They did not release the JFK files in contradiction to the order by a judge, given in 1992 - they have put off until opening the files until April – this is a crime being ignored by everyone.

R: Talked to **the KOS:** not talking about what is on the internet: JFK Sr, the real one, went to a Star Nations meeting with W E B Debois; Queen Elizabeth II was there, at 35 years old – the star brothers and sisters could read the minds of all present - Richard Boylan reported on this meeting

- **KOS reminded Rama** – this is part of the stuff going deep into to the MJ 12 files, Operation Paperclip which never ended; the whole story of the Nazis came over here and were the foundation of the ABC agencies

- JFK Sr, Robert Kennedy Sr, Marilyn Monroe were going to have a press conference to tell the truth about the star nations & the dissolving of the Federal Reserve and the CIA – which is why they got rid of the clone
- the admirals back then knew what was up: to this day, Ray McGovern knows a lot more than he will talk about, as he wants to stay alive like the rest of us

T: this is requiring intervention – as no one talks, no one gets anything done!

R: there is so much is unravelling that has everything to do with the presence of the galactics and the stories out of Antarctica, some of them not so pretty
a huge deal in Antarctica - some pre-adomic people have been revived and they have certain attitudes, thought forms and cultures from before the flood and certain thought forms took us to the flood and the destruction of Atlantis -

- yet a lot of untold stuff is boiling to the top about how fake this matrix is, and all kinds of crafts are here with beings who are as Treebeard – eg. the elven lady Lionara described: all the ancient ancient beings are starting to step forward and say we hold a spot here that needs to be acknowledged as guardians of the story

T: As Randy asked last night about Lady Di, Dodi, Nada – what dimension are they in?

R: they are right here, like he is talking into the mike!

T: and the star ship is a 5th dimensional craft which can show up or cloak itself as needed; a mini shuttlecraft – it can use 3D and 5D, it can use either to go in and out, just as we are yet we forgot

R: and they are caretakers of the Light City in the Wesak Valley

- and the Rohingya are wanting to get there – yet if they get to Bangladesh, they cannot get out of there – hostages of the UN!

T: and that's another story about Jane Doe, the 17 year old who got her abortion yet she was being held by the US gestapo: there's more to the story than that

- Rachel announced tonight that the first charges have been filed regarding the Mueller Russia probe, first indictment put forth tonight; Deputy Rob Rosenstein is overseeing the Mueller investigation; the grand jury has approved the first indictment

R: The KOS said the story goes into the realm of Erdowan, Turkey, and a millionaire who lives in the Poconos [Fethullah Gulen]; Turkey's President Erdowan wants him deported back to Turkey so he can accuse him of the coup d'état and have him executed

- and Erdowan is as evil and Netanyahu, and kills his own people indiscriminately – Turkey with the brinkmanship game going on between the nuclear powers about whose ICBM is bigger than whose ICBM

T: describes a cartoon of Kim Jong Il and Trump facing each other, measuring the length of various rockets!!!!

R: Turkey has nukes, so has Pakistan

T: Sophie had the PM of Pakistan: he said that Pakistan completely let go of having any dependency on the US; yet T is saying the ISI is another Black Op funded by the US

R: nuclear brinkmanship – Ashtar is the man of the Hour!

T: Right before US invaded and occupied Pakistan, they had officially banned the production of opium – and then the US reversed that. Now US soldiers guard the poppy fields so that 90% of the production can go to the US

T: The KOS saying that W E B DeBois attended the star nations meeting, and that is another reason he was killed: he gave up his US citizenship and kept his Ghanian one and went back there – he was poisoned

R: the Star Nations told the Kennedys that w'ere getting the place of revealing our presence and you are your ambassadors to get this done.

T: Has transcribed Truman's speech that he gave on the occasion of his nomination at the Democratic Conference in 1948 – he nailed the Republicans back then for destroying labour unions, destroying medicare, medicaid, wanting tax cuts for their benefit

R: R has been told again that Mr Truman met with both the Grays and the Pleiadians, and he was asked to sign the agreements – he wanted to sign with the Pleiadians and he would have been killed – so

- He met the star people at Holmfield AF Base in Florida and they told him what US Black Ops were up to, and that as Pleiadians, they would still intervene
- the Sirians were playing at the dark Satonian level on earth and so the Pleiadians were given an override to come in and intervene; BO is the 9th member of the Sirian Council of Nine and attends those meetings regularly as rep of the MW galaxy

R: How did the King leave it? The ripples in the virtual pond by the 2 neutron stars and the light coming in from 13 million years ago is changing everything; as things get higher in frequency and magnitude, Love is the answer, no matter what! They are playing with their own demise.

T: the Office of Refugee Resettlement – E. Scott Lloyd appointed in March; no Senate confirmation was needed –

- a long time anti abortionist and anti contraception activist - a strange choice for the position as he has no background in medicine or in counselling – apparently he flew himself down to TX - at taxpayer's expense - to intervene with a pregnant teen to pressure her not to have an abortion. He was questioned about it yesterday in the house about the use of his time and tax payer resources [Source: Rachel Maddow Show Oct 26/17]
- Mr Lloyd, do you have any medical training
 - couldn't answer -
- So the answer is no you have no medical training; are you training to provide counselling services to young people ?
 - Depends on Experts to advise him as required.
- He has no medical background, or counselling experience; as the head of the federal agency he decided personally that he would go to counsel a pregnant teen being held in one of the shelters governed by his agency – took her to a Christian crisis centre whose purpose was persuade her not to have an abortion.
 - Jane Doe told Vice that they were all praying over her and they told her it was a clinic. It was NOT a clinic!
 - It took a team of lawyers fighting for Jane Doe up to a 3 separate court discussions and then to a panel of judges in a federal appeal court –
 - They gave every indication that there was a plan was to have her carry the baby to term .
 - She got her abortion eventually – they were told there were 38 girls held in detention who are pregnant back in March – how many now? How many forced to carry to term babies they did not want?

The Rachel Maddow Show 10/26/17

Refugee office pressing anti-abortion agenda on minors in custody

<http://www.msnbc.com/rachel-maddow/watch/refugee-office-pressing-anti-abortion-agenda-on-minors-in-custody-1082502211687>

Brigitte Amiri, attorney for a girl who fought the Office of Refugee Resettlement to exercise her right to an abortion, and won, talks with Rachel Maddow about how the office under Scott Lloyd is actively trying to deprive vulnerable girls of their reproductive rights. Duration: 8:41

- The attorney was from the ACLU
- Amy brought up that this girl was basically raped by one of the guards: she was not pregnant when she entered detention [Demcracy Now] and she was not allowed out of the place.
- The girl had raised private funds for the procedure; the guardian assigned to her was willing to take her for the procedure – the department was trying to force her to bring the pregnancy to term against her will. That was their goal: to hold her and make her take the baby to term . . .
- In spite of court orders, what they do behind the scene is a crime!

T: The KOS – did he hint that they are criminally destroying the rights and freedoms American have from the Constitution and the Bill of Rights? Is the truth in those files? The ones they did not release? So they will be redacting all they can get their hands on?

- They are criminally destroying the rights and freedoms US citizens have due to the Constitution and Bill of rights – so they are doing one crime after the other? And intervention is getting closer and closer ???

R: Yes, it is.

T: Please work diligently with your Spirit in how to engage the 5th Dimension -

- We have quite a few beloved friends on the other side now: Len, D'Yanna, Cam, Susan – these folks are as busy and happy as they can be to serve us – don't give up the ship! •

Despair is not an option!!!

The news letter should be on the website by now [October 19 - 26th]

CONFERENCE CALL NOTE: what follows are notes, NOT A TRANSCRIPTION.

Caller/M: the girls are being forced to have the babies so they can sell them – being impregnated deliberately through rape

T: that girl could be exposed to the same treatment again

- pretty overwhelming – and people are having trouble handling this
- someone called today and was not sure about staying here: wanted to help himself out of here and that is what they'd like – this is a big test.

C/M: yes – but we can make it!

T: grateful for all us to be together – and even at that lots of "us" have doubts about making it through

C/M: those of us who can have to fight against the corruption, etc

T: there's a shift now in the energy available to us that was never here before.

- Takes spiritual practice and some are still in their polarity

C/M: they don't realize who they are and don't want to give up that identity as they think they have no existence without it – so attached to titles, money, etc etc

T: a juxtaposition in belief systems is becoming obvious and serving 2 masters is difficult – this creates a rending inside

- Even though Susan is on the other side, it was an amazing experience we went through together – she included us and made a decision on how to best serve us.
- The spirit doesn't completely leave the physicality for 3 days – she was with us and literally showed up in Cheryl's counselling room; putting this together with the conversation Fran observed Susan having in a different level with someone for 3-4 days, and Cindi getting an attunement to the Arcturians, and Cheryl having Arcturian DNA and having help from them in her counselling work and within a few hours seeing S in the counselling room - that was confirmation of where she was. Powerful to realize there is no veil – teaches us to go past identifying the physical body in a real way.
- As kids we had imaginary friends – except now, they are not imaginary
 - T & R got to know Susan for a long time – T since 1999, 2000 – 27 years! That is how long this group energy has been coalescing –
 - the energy connecting her and Rama: T met LM Nada in 1986, R met KOS in 1980 and they met in the summer of --- at the geranimo lodge
 - they went to an 11:11 event at Sherula's house, and on 7:11 another one in 1991 Rama ran into Krea a couple of weeks ago; she used to channel with D'yanna – they channeled Ashtar Sananda ???
- There is a connection with this family in that D'yanna was one of the channels and Ashtar spoke to both T & R at that session: their mission was to make sure that the lightworkers "got it" - and you have to work together to do this thing – and they linked in with the Telosian energy 4 days later.
 - Shield and Sherula who has been here since 1795 [222 years] – she born in Telos in the 5th dimension; came to the surface when she was 12 and went to school and college, returned to Telos for more training, and then back to earth again. She goes back in on a regular basis

Caller/C: asks for background on **the pre-Adomic people**

- R:** has heard that some of the pre adomic people are the ones with egg shaped heads – ET heads, like Aknatun – strange belly, wide hips, some of them- there are humans with wings that are shows like the latest X-Men Apocalypse – an angel has wings like AA Michael – they are part of the ET angelic hybrids
- This happened due to inbreeding: when the rigna fall happened and Lucifer took 1/3 of the angels with him and all hell broke loose – did cause a bit of a shakeup across the galaxy
 - we are now at the place where the immortal beings have come back to love, and the matrix is still playing out here – a delicate dance of orchestration
 - some of them had attitudes that caused the original fall in Atlantis where certain things were not done according to the Laws of One. What R recalls is that it had do with wthe division between the sons of Atlas and the sons of Belial, Belial being a hebrew greek word for following the left hand path, leading into the Annunaki. The sons of Atla went off with the forces of Light and saved what they could of Atlantis. The sons of Belail who the first of The Man of Steel – with the new superman guy – describes the planet Krypton which was having earthquakes and weather anomalies as we are – Krypton finally went super nova and they came here
 - now the ancient wisdom is coming back and all kinds of folks are bringing it back
 - and they are interacting with military Russia, China – sure the reptilians and the nazies are in the mix – as the entities that destroyed Atlantis are here – the outer play of the palyers who know about the story are playing as their agenda will carry on
 - what is playing out in antarctic is affecting the rest of the planet
 - they are not confined to Antarctica – not just the US -

- the Russians can do more as they have more technology than the US does

the white racist pigs

- the Lone Gunman – a spinoff of the X Files
- the movie *Eyes Wide Shut*
- Corey Feldman remains alive because the energies are changing and support him

Caller/C: subterfuge – what can he share about the story about Niger and the special forces that got ambushed?

T: the Grump banned – put Chad on the list of banning them to come into US; the Chadians had military in Niger to protect US soldiers; when Trump did that, the Chadian military left and the US soldiers were sitting ducks.

Caller/C: What about LaDavid Johnson being a mile away from the others?

T: Boko Haram and Al Shabob are bought and paid for by the US – she thinks it was a Black Op ordered up by Pentagon operatives – to have him killed.

- Just like the 3 boys in Mississippi – the negro one was tortured etc and left under a bridge
- It's part of a plan – on Amy [Goodman – Democracy Now] about an intercontinental war between Africa and the US & North America: Africa will blow up the tunnels under NYC

R: the tunnels under Central Park go into the inner earth

- they are getting this thing ready, so killing the US soldier is part of the preparation

R: it won't happen. What does Niger have: uranium yellowcake – in its natural form

Caller/C: the connection with Joe Wilson is important

R: what does the US pay Chad for mining that yellowcake?

T: about \$32 / month, 12 hours a day, 7 days a week: off for a few days once a year – and they have to walk home

- We asked for this and the reptiles are our brothers and sisters – yet this schedule is upgraded – the less work of pursuing spiritual awareness, the less we are able to deal with it.

- Finding a whole light city intact under Antarctica – a little unnerving about what they may have been told : his gut feeling – we won't fuck up and do that

RO: they were cryogenically frozen: cryogenics are rather crude; have to think the Atlanteans are well beyond that: Cryogenics means freezing – still unreliable 21st century method.

- What the public knows is Officially nothing
- the status quo is the public “knows nothing” in terms of this kind of technology

T: what's the technology of Atlantis where they suspended themselves in animation?

R: doesn't really know

RO: there is no time; time is not a thing – they go into a state of timelessness – appear as a statue, and they re-awaken

T: Rama put himself in crystal for 3000 years – not a terribly good idea.

R: wasn't a whole lot of fun to watch the planet go down the tubes

T: on Tuesday, he got to go up the mountain and talk to Di and Dodi; Randy was asking about whether they were in 3D or 5D – in the physical, consciously -

RO: when you call it 3D, 5D – it's really a gradient, like a ramp, not stairs

T: once you become a spiritual adept – and she outlines the stages of development

T: when you get to be a spiritual adept, you can move instantaneously – doesn't have to go gradually, just go.

- What is unique about now is MASS ASCENSION – there have always been levels but only a few folk travelled those dimensions and did it regularly. In Atlantis we were all in 5d – no one was in 3D. We have forgotten that adeptship that we used to have

RO: thinking of dimensionality in terms of space as area

T: on the computer, there was a man who learned how to open a time travel portal – from where he was to a different place in Sedona – he put his head and his top half was in Sedona, the rest was in his bedroom!

- Takes adeptship, spiritual practice

T: the whole world is hearing this again: you're not going to do this again for another 450 billion years – class is now in session, ready or not.

- There are a few invaders here who think they will do what they want to do with no one stopping them
- At a certain point, this is emergency – people going too slow, or being misguided are

T: that wasn't the choice of the Ashtar Command; **the first one to declare the emergency was Mother Gaia** because she declared it for the preservation of her and her body and for those us who live in her and on her: she had first call; the Ashtar Command had to answer it.

- In 1949 one of the agreements – Momma Mo's Mortuary for walk ins – they would talk to Mother for a few hours and another

- all the dimensionalities have been going on for all time - NOW is when masses of people can do this - we were being prepared by
 - all the books that came out and were made into movies
 - the Sparticus cartoons – about beings travelling through tunnels – some were solar beings who lived on the Terra in the centre of the earth: all of this stuff has been real.
- They are trying to trap us; are planning for every kind of war, death spiral
- Why does the grump want to open up the JFK files?

T: In 1992 it was an order put out by a judge that the files should be opened 25 years to the day they were sealed and filed - and he didn't want to open them

- **No it's not getting done**

THE BIGGER PICTURE by Patricia Cota-Robles

www.eraofpeace.org

MOTHER SEKHMET / ALCYONE [M / A]

Greetings in the Light of the Most Radiant One; in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

T brings up the young lady in the refugee settlement centre who got help from the ACLU to get her abortion. The girls not pregnant when they arrive at the detention centres: they are violated by those in charge of the centres – a kind of ritual - so the children born can be taken and used in pedophile rings, trafficking rings, etc. So the system as it is now is being perpetuated!

M/A: This is why we come to free ALL of the people! And yes, ALL people will be free.

T: as people learned about the projects, started putting money in them and an exclusive group would get lots of money and use it to save others.

M/A: It is more than what T just said, because when we get to become immortal, and we've been around a while like Beloved Ascended Master St Germain, we get to acquire a few things – like in the story *The Highlander* – not going to talk about THAT, yet how we move through the centuries, work with the people and the energies, especially in a time like now which the Hopi call ***Koyaanisqatsi: Life Out of Balance***

- Peace means war. Walking while black is a crime. The issues we bring to the conversation – like the LM just said: as we are working with frequencies and energy, sound vibrations – these have been going on since the big bang
- the ones that think they hold power are like dry leaves; will soon be compost. It is the only way She can describe it. As we move into this new age of Sat Yuga, that which does not stir the Office of the Christ of life in and of itself, since we are in service to all life whatever it may be, and life – to use that word – may not necessarily have a body that we are used to interacting with. All kinds of life forms – this is the mission: seek out new life, new forms
- What's happening: new life is coming to seek us out, here, because the planetary beacons have been lit for quite a while now. All of heaven is here; legions upon legions upon legions of heaven - the centre stage act is this passion play, front and centre, right here. Since we know these ancient brothers and sisters of the scaly persuasion love high drama and passion, this is what is being played out for the circuses. And all of it at this moment is coming to conclusion, the twilight of these life forms because they violated cosmic law

T: as in the Catalan story – today, before the Prime Minister of Spain filed the 155 operation in which he sacked the Chief of Police in Catalonia and dissolved Catalan's the parliament – and the people were in the streets as they had voted on that action before that action was interdicted upon – they are saying that this action is null and void!

- 5 generations of Catalans have been dreaming of independence for 100 years. And that reminded T of the Fatima thing which is also 100 years old which was twisted – it was really The New Jerusalem and Lady Master Nada and the promise of the freedom that the whole world had been aspiring for – being a galactic neighbourhood right here at home

M/A: the so-called church here . . .

T: that little area in Spain is 20% of Spain's GDP Spain which is serious to the rest of Spain, and why the PM is freaking out; as well, it is also causing breakup of the EU – Greece should be jumping in here soon!

M/A: It has to come apart at the seams. It is the story of abominations of desolation – we saw the movie *Star Wars: the Attack of the Clones* – we are watching the clones having a war with each other

T: Abba in Germany – the people there favouring Trump are happy he was opening the JFK files – and **he is not! Every sane** reporting stations are saying don't get your hopes up: they will redact everything anyway – yet the people are pushing

- on **Watching the Hawks** tonight: the woman who fell in love with Lee Harvey Oswald – they could not say on the show that he's not dead - he's a clone and is now a trained assassin for Russia. He was not a loner or any of these things – the lady wrote a book about the truth about him as far as she knows it! These are interesting times!

M/A: It's an auspicious time to be here in however many forms we chose to inhabit because time is an illusion in most senses of the word.

- What She can say about the present state of affairs is – what is unravelling here is how they can no longer keep the lid on E T. It is simply in this moment - everything that is happening as disclosure happens, this planet goes through the transformation, transfiguration - it's already happening because we are making it happen, with the frequencies going up because of what we are doing
- **We've reach critical mass** – this is why every day more and more ship sightings and strange anomalies

T: Patti CR was saying think every moment how you can add love to this planet – instead of self-judgement, victimhood, anger etc

M/A: the shadow of playing with the dark side

T: how can we add to the love of this planet even when it's hard -

M/A: especially when you're considered outcast from society because you might be different - as things continue, going to have lots of neighbours with you at the picnic table!

T: who?

M/A: lots of friends to share with what's happening as this story changes in the twinkling of an eye in this sacred moment

T: when she was trying to get back to Shield and Sherula's on 11:11. the car broke down in a big rainstorm and almost instantaneously a pickup truck showed up with a native shaman in it, who said get in and drive it. She got in, stopped somewhere, bought some flowers, got back in and drove on to Shield and Sherula's; she thanked him and he just disappeared into the night. What happened here? Sherula said it was not of this earth who showed up

M/A: The E Ts got her to S and S so things could progress along the way

T: she barely made it – and things got fixed later: it was a real wake-up call. Happening to so many more at so many levels – these energies are adapting for a mass ascension.

M/A: That is the order of the day

T: she talks to so many people who tell her they think she's lost a few screws

- and the other thing: the people in Germany who are excited about Trump opening the files about JFK – don't know that he's not going to do this – that he's a kind of magician & better at it than Bush JR – and causing more suffering on this earth than Bush could even think of yet his persona . . .
- How do we fix this Mother?

M/A: Send more love to all situations!

T: How can I contribute more love to this planet?

M/A: When you find yourself in a place where you find yourself cussing at the TV, using 4 letter words – take a moment to breathe and send the Violet Flame through the TV to all situations, no matter what!

T: sometimes people call in who are smarter than Thom H, they call in, say it as it is – and you can tell when he reaches a point where he knows he's endangering his life and he pulls back.

M/A: It is the time we all live in: one second they are here; another second it's a different story – life is so precious, so precarious. It's the story of Pele, Dirga, Kali – on one hand, giving birth; on another, taking us on a journey through the Bardo state to retrieve our soul matrix after death, and integrate and figure out what the heaven is going on!

T: in the meantime the very rare people who have been around for thousands and thousands of years - if the mass ascension is at hand, the no death chord gets solved too.

M/A: That is correct. it is happening in the twinkling of an eye – like, right now

- how this is happening is the energy in and of itself, the Force, moving this forward. The pace has upped the ante and we are in it [the process] all the way –

- how this turns out, as She has said: they are travellers from our future and have come back from our future which is their past, to tell us we make it and we get it done by love, one of the major keys. It raises the vibration of every living things -even if we don't feel like it
- Sometimes stuff happens: it is about the energies, how much we can do in any given moment of space/time and, as we are becoming more and more immortal, things are happening where the cells are morphing, the particles - things are changing in these temples. Go with the flow; allow transformation, transfiguration to happen. It is about stepping into who we are as Jedi masters; that is the path here that is already unravelling, unfolding.
- It is so awesome to behold and, in the same moment, same breath, they thank us for our courage to be here in such tumultuous times. One would say "Are you f*** ing crazy?"
[**T: YES! Must be!**] Let's say it take radical warriors to do this, that have an inner knowing about how, in times like this which are called "Koyaanisqatsi: Life Out of Balance", we know how to dance with the devil, and the devil gets left in the dust . . .
- Yet we are not recommending it; She is just saying that is the play that is going on here. It is not so [much] fun.
 - Each day more and more is happening that this planet is getting healed and uplifted into frequencies of such radiance, She can just say: they are blessed to be here to watch it all. In this sacred hour gotta know . . .

T: It also takes a great deal of stamina to witness the atrocities the US gov't is performing all over the world without any check!

- and there are miracles – the 3 judges said you are not going to get your van
- and then Chadian army left and 4 soldiers died

M/A: because of attitudes and thoughtforms that get in the way of our heart because whatever the drama might have been or – let's say - we are such magnificent mirrors of reflections of divinity in all its forms, it is so awesome to behold.

- And in the same moment, let Her say with all the situations that are happening that may look like we're on the edge of apocalypse, it is part of the illusion of the false matrix [which] is falling away because only fear holds it up.
- As the fear is left in the dust, what has always been here - this blue green dot in space as Carl Sagen called it – is the center of attention by all the legions upon legions of heaven
- Gaia and us are not going anywhere - the ones who are going somewhere are her children and that is enough for one moment in time. These children - using that word lovingly - yet they are abominations of desolation for what they have done to this local universe: do not deserve life force as we know it – yet it is about their own dance with the devil they gotta deal with: the devil is in the details.
- As they get back to Dracos and the Void, that's the time for a different story

T: they are gonna get tried and will be tried as will be as terrified as stiff boards

M/A: have to make some keylime pie – her favorite pie – like the limes they do something – wake you up - the tart taste in your mouth
Limes and tequila – and with the worm

M/A: with the worm – that's another story!

T: she is concerned that in Spain will demonstrate with gestapo and say how that is going to be – they want to impose a "dictatorship of law" - what do you call that, Mother?

M/A: s he calls it a momentary lapse of reason!

T: how long is this lapse?

M/A: not too long – long enough to catalize the people to make the change – not going to be with the guns, going to be with how to respect each other and talk

T: have to stop the weapons of mass destructuon

M/A: There is a plan, and Dr Keshe is involved – ssshhh! It is about the mysteries of Zoroaster and how Zoroaster comes and shares the wisdom . .

T: Isn't Zoroaster Lord Kuthumi?

M/A: May be- can't remember: so many masters, can't keep track of all the stories

- yet Zoroastor is back, as it were, along with other pre-Atlanean people – it's about sharing the wisdom of the laws of the One that kept Atlantis in peace, balance and harmony

T: the stories of Zoroaster are very Middle Eastern, although that part of the world was part of Atlantis way back when

M/A: that is why it's all being brought into this moment that, as we figure out we've been lied to

- There are so many life forms – how, when, where and who – Commander Hatonn of the Galactic Records from Trantor will tell the whole story of how we got to this place and why we are here now. That is forth coming any nano second here.
- There is so much that is uplifting now.

• Better go – the voice is going!

T: appreciates Mother; grateful that we can be inspired by calling on her, Bros Len & Cam, Sisters D'yanna and Susan, and all the heavenly host – how can we serve to bring more love to this world?

M/A: Let's just say: her ship is always available for us to go to – we know that already

T: She likes the physical experience of being in the beam . . .

M/A: call us in and we'll go

T: last time she tried it she felt like throwing up

M/A: put this tissue around your mouth and we'll be on our way- it's like being on an elevator – energies a bit wobbly

T: saw a documentary on RT of people who wear special outfits and actually fly and don't have parachutes -

M/A: they know how to ride the waves of the wind

- It's about us becoming as Lord Ramtha – have to know what they are doing or end up as puddles on the highway – not so fun!

T: they are jumping off high, sheer cliffs

M/A: And then there are people doing this in cities and going through cities like Spiderman

- it is about awareness that we can fly, we can walk on water, we can walk on air – it is about our X-Men abilities, as this one [Rama] calls it.
- As we focus our creative thoughts as creator gods, goddesses, all we are –
- this is not a school any more: we're in the mission and this mission is the real deal. Shit happens and Grace happens too. It is about awareness. We are immortals: we take this to heart.
- In the context here, these cells are becoming immortal, even though a few more white hairs show up
- It is about the awakening happening, and the Force in and of itself. The Force is guiding this story – She won't speak for the Force, will let Her speak for Herself .

T: thank you and will you hang out with us and help us bridge the gap – the feelings that can come over us: despair, sadness - You've got to admit this is really evil stuff going on

M/A: they are in utter desperation to hang on to an ancient . . .

T: the tax thing really shows it for real. The rich ones have said pass this tax bill or we'll turn you into lunch meat. I want my tax break.

M/A: They'e gonna get a break all right!

M/A: It is about the best break they might have gotten in the annals of this galactic story.

- Meaning: It's about how She with a few of the others show up: the Blue Avians; the people of Nibiru; people of the various galactic neighbourhoods, civilizations, the 27 known galaxies surrounding the MWG . As we get closer to the Centre of the Milky Way Galaxy, there are living masters and many councils that will interact in how these abominations of desolation get loaded on to her ships and shipped off to Dracos
- We're all in this great story together!

T: Please help Fran. Fran and Susan were lending \$10 a month to T & R so they could bring material from Gaia TV to us all. Fran would like someone else in the network to take over so T & R could still have access and play things for those on the show – email them at koran999@comcast.net

- See you on the bridge

Greetings in the Light – kadoish, kadoish, kadoish, Adonai Saboeth

M/A: remember who you are !!! From Tara: Golden Sunshine!!!

R: Has been to the crystals at the North Pole, in the Fortrrs of Solitude, sat in the energies of the Crystals – yes, lots of crystals – to soak up that light as it is so needed: helps heal all kinds of things firhg t now.

T: the energy of hope, the healing of our mother Earth is so welcome

- let us be the energy of hope to those around us.
- Interesting: don't rescue anyone or you have to become the parent!!!

R: just stay in the radiant energies of watching the All Souls Night into All Saints Day

- that night is the opening of the portal where there is no veil between dimensions

T: gets lots of good energy – hopes Mother will interweave Herself in Catalan – don't need another bloody situation

One of 21 video poems in Four Seasons Productions newly released Moving Poetry Series - Three innovative new films - RANT * RAVE * RIFF. Only Breath was written in the 13th century by the Sufi mystic poet Jalal ad-Din Rumi and translated and recited in our film by Coleman Barks.
